

**Intelligent
Panoramic
Security Camera**

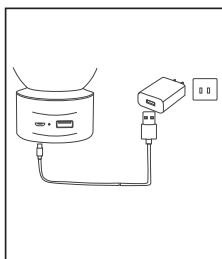

3 Simple Steps to Set-Up and Protect

Download the
HOMEi
App

Plug-in
Intelligent Panoramic
Security Camera into
a power outlet

Connect your
Intelligent Panoramic
Security Camera
to the App by
scanning QR code

NOTE: To ensure proper use of your Intelligent Panoramic Security Camera please follow the instructions detailed in this set-up guide.

Setting Up Your

Intelligent Panoramic
Security Camera

Step 1: Download the HOMEi App

1. Download the **HOMEi** app in the Apple® App Store, Google® Play Store, or use your phone camera to scan the QR code below to open the app store of your mobile phone.

Apple® App Store or
Google® Play Store

Scan Code

Step 1: Download the HOMEi App

1. In order for your Intelligent Panoramic Security Camera to work properly, select **Allow** if you see the prompt: **HOMEi** would like to find and connect to devices on your local network.
2. Create your account and select **Continue**.
3. Follow the App prompts to set up your password and register your camera/device. Then **Log In** to your **HOMEi** app.

Passwords must contain numbers and letters, be no less than six digits, and cannot contain special characters.

FORGOT PASSWORD:

In the App click on "Forgot Password" and follow the account retrieval process. You will receive an email with a temporary code. Enter the temporary code. You will receive a second email with your password.

Step 2: Place the Intelligent Panoramic Security Camera into the room of your choice

1. Attach the USB cord to your device and the outlet plug (adaptor not included).
2. Plug your device into a power outlet.
3. Your Intelligent Panoramic Security Camera indicator light will flash.
4. Wait 30 seconds for the camera to go through its set-up mode. When the set-up mode is complete, you will hear the "Welcome to use" command.

Step 3: Connect Your Intelligent Panoramic Security Camera to the App

1. Press the **+** sign in the App and then select **Add Device**.

2. You will see QR Scan in the **HOMEi** mobile app, use it to scan the QR Code on your Intelligent Panoramic Security Camera.

3. Press and hold the Intelligent Panoramic Security Camera button for 2 seconds until you hear a prompt tone. Then click Next Step.

4. Enter your WiFi® information click Next Step.

Step 3: Connect Your Intelligent Panoramic Security Camera to the App

5. Hold your phone with the QR code displayed directly in front of the Intelligent Panoramic Security Camera lens until you hear a prompt sound.

6. The App will countdown until your Intelligent Panoramic Security Camera and mobile device are connected to your Wi-Fi® network.

7. Enter a name for your Intelligent Panoramic Security Camera, then click Done.

8. Now, you are ready to start using your Intelligent Panoramic Security Camera!

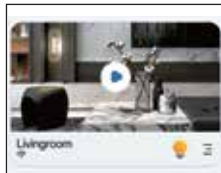

How to Use your Intelligent Panoramic Security Camera Light

To get started, open your **HOMEi** app and follow these easy steps:

1. Choose the device you want to control.
2. Tap the image.

3. Tap the Light icon, one-button switch control light ON or OFF
4. Select your desired setting:
 - Smart Mode
 - Color Mode
 - B&W Mode

Setting Up Your

Intelligent Panoramic Security Camera

Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or a qualified radio/TV technician for help.

Setting Up Your

Intelligent Panoramic Security Camera

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC RF Radiation Exposure Statement Caution:

To maintain compliance with the FCC's RF exposure guidelines, place the product at least 20cm from nearby persons.
